Nedbank Cape winemakers Guild (CWG) was established in 1982 with the main aim to innovate, benchmark and share knowledge in winemaking excellence.

CWG is today, the most prestigious and successful wine auction, the wines are made by a select group of the top 46 winemakers in the South Africa.

The limited edition bottling are made exclusively for the specific year's auction, with production rarely exceeding 600 bottles, most of the wines represents some of the finest examples of their kind in the world garnering exceptionally high scores from leading sommeliers and international wine publications

Nederburg Auction was founded in 1975, inspired by two leading European wine auctions, namely Kloster Eberbach in Germany and Hospices de Beaune in France, the aim of the auction was to launch South Africa's first Noble Late Harvest, namely Edelkeur.

Today recognized as one of the world's five major wine auctions, representing some of the best matured wines available in the Cape, direct from the wineries library collection.
