# THE GAME

Big Bang Baccarat is the latest addition to the Big Bang family of progressive side bets and compliments the Big Bang Blackjack and Poker offerings. This exciting new Jackpot side bet is now available on selected Baccarat tables.

## HOW TO PLAY

Before the hand is dealt, you have the option of placing a Big Bang side bet in addition to your initial Baccarat wager.

Big Bang Baccarat wagers must be placed on the betting area adjacent to the Baccarat betting areas, indicated by a flashing pad, before the initial deal commences.

## PAYOUTS

The Big Bang Baccarat bet gives you the chance of winning one of three different payouts.

The Big Bang Mystery is a progressive Jackpot randomly awarded to any player who has placed a valid Big Bang jackpot bet. This Jackpot is linked with other selected Big Bang tables across the Casino, as displayed on each table.

The Baccarat Progressive Jackpot, is also randomly generated, but linked exclusively to the game of Baccarat as displayed at each of the participating tables.

Six Card – 6 Tie pays a fixed payout of R4 000 if at the end of the hand both sides (Player and Banker) have drawn an extra card and the final total is a 6-6 tie.

The minimum and maximum values of the Mystery Jackpots are displayed at the table.

The initial wager is not returned when winning payouts are made. Your wager loses if any other combination is dealt.
