

Press Release – Mykonos Casino – 21/02/2017

### **Mother's Month spoils with Sanet Eigelaar at Mykonos**

The West Coast's premier family entertainment venue, Mykonos Casino, will be hosting a special event with Sanet Eigelaar in celebration of Mother's Month. She will be demonstrating her baking prowess to guests, under the theme "Van Min tot Heldin". This exciting and informative event will take place on Wednesday, 03 May at the Black Pearl Restaurant.

Sanet Eigelaar, who believes that baking is part of her DNA, brings boundless energy and imaginative ideas to every baking and food experience. In 2016, she took her natural talents to the reality baking competition, *Koekedor*, on Kyknet and placed third. Using her experience and exposure from the show, she launched her own coffee shop, *Cup of Cake*. The popular establishment is based in her hometown of Saldanha.

Her inspiration for "Van Min tot Heldin" is to demonstrate "how to create something from nothing" notes Eigelaar. She will use a simple baking tool such as a muffin pan to create something amazing. Guests attending the event can look forward to 90 minutes of the best baking demonstrations and tips and guests will also get to taste her scrumptious creations.

"Sanet is a beloved celebrity in the West Coast community, and we are delighted to be hosting her for this special celebration. The event will be an unforgettable day of love and bonding for all our guests and their mothers," says Natasha Brand, Marketing Manager at Mykonos Casino.
