

Last chance to shave, spray, SUPPORT 2018 CANSA Shavathon at Sandton Sun

Don't miss your last chance to take part in the 2018 CANSA Shavathon! All four properties which collectively form Tsogo Sun's Sandton Mile, namely Sandton Sun, InterContinental Johannesburg Sandton Towers, Sandton Convention Centre and Garden Court Sandton City (<https://www.tsogosun.com/destinations/south-africa/johannesburg-surrounds/sandton>), will be rallying behind the cause, sponsoring 20 'heads' per property by donating R1,000 each to the initiative.

As most Shavathon events which are open to the public have already taken place all over the nation, this really is one of the last opportunities to show your support for this worthwhile fundraising event, which aims to generate donations for those affected by the harsh realities of cancer.

As 2018 marks the 15th Shavathon hosted by CANSA (The Cancer Association of South Africa), there has never been a better reason to show your support! Head shaving has become a symbolic gesture of support of cancer survivors...If shaving your head is not a possibility, decorating your hair with coloured hairspray has become just as popular!

Tsogo Sun's Sandton Mile will be hosting their Shavathon on Thursday, 01 March 2018 from 09h00 to 15h00 at the Champagne Bar on level 6 at Sandton Sun. We would love to see you there!
