

Press Release – Montecasino – 29/01/2018

Bright big Shavathon at Montecasino

Here's your chance to show your support for people affected by cancer. Join the two-day Montecasino CANSA Shavathon, where visitors, guests, and staff will have the opportunity to be a part of this popular fundraising initiative and offer their heads to be sprayed or shaved.

Adding their strong support to the cause is Jacaranda FM, which will broadcast live from the Montecasino Shavathon, taking place on the Casino promotional stage near Skoobs on Saturday and Sunday, 24 and 25 February, from 10h00 – 15h00. Prizes will be up for grabs, every hour, for lucky Shavathon participants throughout the two days.

This year marks CANSA's 15th Shavathon, which is one of South Africa's best-loved events for a worthy cause. Head shaving has become a symbolic gesture in support of cancer survivors, and for those who cannot shave, colouring hair brightly has also become just as popular.

Says Mike Page, GM of Montecasino, "Come and support CANSA, with us at Montecasino, share in the shaving or spraying experience with other visitors, stand a chance to win a great prize, and inspire others by showing that you care. We look forward to welcoming the Fourways and surrounding communities and making a real difference to the amazing work that CANSA does in this country."
