

SAN BAR BEERS & CIDERS

SOUTH AFRICAN BEERS

Beer is as much a part of the South African culture as braais and rugby are; and while brewing beer is an age-old art, craft beer is a relatively new addition to the frothy business of beer. Craft beer is, by definition, a beer made in a traditional or non-mechanized way by a small brewery. Here at Sandton Sun we have scoured our country for the best in craft beer – an adventure in South African beer brewing awaits.... all you need to do is decide which one you're going to try first.

SOUTH AFRICAN CIDERS

Local producers have made South African ciders stand out by producing them not only from the traditional apples and pears, but also from pomegranates, pineapples and cherries too. This fermented fruit-based drink is as versatile to drink as it is to make – ice-cold on a sweltering summer day or warmed on a crisp winter night and we have selected premium ciders for you to enjoy here at Sandton Sun.
