

# *“The most exciting wine producing country in the world”*

South Africa has been termed in recent years as the most exciting wine producing country in the world by leading and influential international wine critics from leading publications\* as well as the best sommeliers from around the world – a well-deserved recognition leading to a bright and optimistic future for our dynamic wine industry.

Thanks to a diversity of climate and combination of unique soils, the oldest in the world, South African terroir is even older than the European continent, with maturing vineyards and a young generation of winemakers pushing quality boundaries never seen before. These winemakers are producing wines comparable to world benchmarks and bridging the gap between ‘Old World restraint and New World opulence’ at a third of the price on average of classic wine region cult wines.

Great wines play a critical role in the overall dining experience of Tsogo Sun hotels and restaurants. As such, we have secured for your enjoyment a limited selection of South Africa’s best wines at two of the most prestigious wine auctions. We invite you to discover these rare gems, and also offer the opportunity to stock your own cellar by ordering online your favourite bottle that you have enjoyed in our restaurants, delivered to your door, wherever you are in South Africa or the world.

# *South Africa's Finest Wines*

## *Nedbank Cape Winemaker's Guild (CWG)*

The Guild was established in 1982 with the main aim being to innovate, benchmark and share knowledge in winemaking excellence.

CWG today is the most prestigious and successful wine auction. The wines are made by a select group of the top 49 winemakers in South Africa, a by-nomination and invite-only guild.

The limited edition bottles are made exclusively for the specific year's auction, with production rarely exceeding 900 bottles. Most of the wines represent some of the finest examples of their kind in the world, garnering exceptionally high scores every year when reviewed by leading sommeliers and international wine publications.

---

## *Nederburg Auction*

Nederburg Auction was founded in 1975, inspired by two leading European wine auctions, namely Kloster Eberbach in Germany and Hospices de Beaune in France, the aim of the auction was to launch South Africa's first Noble Late Harvest, namely Edelkeur.

Today it is recognized as one of the world's five major wine auctions, representing some of the best matured wines available in the Cape, direct from the wineries' library collection following a stringent selection process by a panel predominantly composed of Masters of Wine (MW's)

Under each Auction Wine there will be a rating from our Group Sommelier Miguel Chan (MC), to guide you in your choices, enjoy.

Wines are subject to availability

X - Denotes a wine temporarily out of stock

Every bottle ordered is considered sold. Thank you for your understanding
