COMMENTARY

Trading during the financial year continued to reflect a recovery in macro-economic conditions, as experienced in the second half of the prior year. Year-on-year growth was achieved in both casino and hotel revenues assisted by the merger and acquisition activity undertaken as part of the group's stated growth strategy.

Tsogo Sun has continued to allocate capital during the 2013 financial year in terms of this strategy and accordingly:

- concluded the acquisition of Southern Sun Hyde Park for R130 million from Hyprop Limited, which was previously operated under a management agreement. R65 million was paid on 1 September 2012 when the group began trading at the hotel for its own account and the balance was paid on 17 May 2013 on transfer of the property;
- completed the refurbishment of 54 on Bath and opened the hotel on 8 August 2012;
- acquired the hotel at the Garden Route casino which was transferred on 10 August 2012 and has been branded Garden Court Mossel Bay;
- commenced phase one of the refurbishment, consolidation and repositioning of the Southern Sun Elangeni and Maharani hotels on the Durban beachfront;
- spent R231 million during the year on the redevelopment of the Hemingways casino in East London. The total spend on this R400 million project to the end of March 2013 is R329 million, the work has largely been completed and the residual payments due will be made during the 2014 financial year;
- commissioned an additional 96 slot machines at the Suncoast Casino and Entertainment World;
- spent R18 million during the year on the R200 million expansion of the Emnotweni casino, which includes the construction of an expanded casino floor, additional gaming positions, additional covered parking, a conference and eventing area and restaurants; and
- commenced an expansion programme for the three Gauteng-based casinos, including an additional 1 500 gaming positions to be rolled out over the medium term. The group has committed R750 million in capital expenditure at Silverstar and Gold Reef City and paid an amount of R150 million to the Gauteng Gambling Board to be allocated to charitable or socio-economic infrastructure projects.

In addition to these acquisitions and expansion projects, the group also invested over R500 million on maintenance capex group-wide ensuring our assets remain best in class.

Total income for the year of R9.9 billion ended 10% above the prior year with a 6.8% growth in gaming win assisted by a 19% growth in hotel rooms revenue and a 16% growth in food and beverage revenue.

Earnings before interest, income tax, depreciation, amortisation, property rentals, long-term incentives and exceptional items ("Ebitdar") at R3.9 billion for the year reflected an 11% increase on the prior year. The overall group Ebitdar margin of 39.2% is 0.4 percentage points ("pp") above the prior year.

As previously reported, the underlying operations of the group remain highly geared towards the South African consumer (in gaming) and the corporate market (in hotels) with both sectors still experiencing difficult economic conditions and increased administered costs (electricity, water and property rates). The results for the year continue to reflect the growth potential of the group should these sectors of the South African economy continue to improve.

Pleasingly, all gaming complexes, with the exception of The Caledon, showed growth in both revenue and Ebitdar.

Gauteng recorded provincial growth in gaming win of 6.7% for the year ended 31 March 2013 over the prior period. Gaming win growth for the year of 7.1% was achieved at Montecasino, 3.5% at Gold Reef City and 7.2% at Silverstar. Ebitdar margins improved at Montecasino and Silverstar and reduced slightly at Gold Reef City.

KwaZulu-Natal provincial gaming win grew by 9.3% for the year ended 31 March 2013 over the prior period. Gaming win growth for the year of 11.2% was achieved at Suncoast Casino and Entertainment World, 5.5% at Golden Horse casino and 10.9% at Blackrock casino. Ebitdar margins improved marginally at Blackrock and weakened marginally at Suncoast and Golden Horse, impacted by the introduction of increased gaming levies in the province.

Mpumalanga reported growth in provincial gaming win of 7.7% for the year ended 31 March 2013 over the prior period. The Ridge casino in Emalahleni and the Emnotweni casino in Nelspruit reported growth in gaming win of 6.9% and 8.4% respectively. Ebitdar margins improved at both units.

The Eastern Cape provincial gaming win grew by 9.3% for the year ended 31 March 2013. Hemingways reported growth in gaming win of 7.7%, despite the impact of the redevelopment-related construction activities. Ebitdar margin reduced on the prior year.

The Western Cape reported growth in provincial gaming win of 4.8% for the year ended 31 March 2013. The Caledon Casino, Hotel and Spa, Garden Route casino in Mossel Bay and the Mykonos casino in Langebaan reported growth of 3.7%, 8.7% and 12.0% respectively. Improved Ebitdar margins were recorded at Mykonos with Garden Route and The Caledon margins weakening due to the constrained revenue growth and the reallocation of certain head office costs.

The Goldfields casino in Welkom in the Free State experienced difficult conditions with growth in gaming win of 4.5% on the prior year.

Other Gaming division operations, consisting of the Sandton Convention Centre, the StayEasy Century City hotel and head office costs, reflected a net loss of R185 million, R35 million adverse to the prior period mainly due to an increase in and change to the basis of the allocation of corporate costs.

Overall revenue for the Gaming division increased 8% on the prior year to R7.6 billion. Ebitdar improved 9% to R3.1 billion at a margin of 41.0%, 0.4pp above the prior year.

The hotel industry in South Africa is experiencing a recovery from the dual impact of depressed demand and oversupply. Overall industry occupancies have improved to 60.9% (2012: 57.1%) for the year ended 31 March 2013. As a result of the strong sales and distribution channels and the superior product and service quality available within the group, Tsogo Sun Hotels continues to achieve an occupancy and rate premium in the segments in which the group operates.

Trading for the group's South African hotels for the year has been more buoyant recording a system-wide revenue per available room ("RevPar") growth of 10.6% on the prior year due mainly to an increase in occupancies to 64.1% (2012: 60.9%). Average room rates remain constrained with limited yielding opportunities and increased by 5% to R814. Overall revenue for the South African Hotel division increased 19% on the prior year to R1.9 billion assisted by the inclusion of Formula 1, 54 on Bath and Southern Sun Hyde Park offset by the closure of Southern Sun Grayston. Ebitdar improved 20% to R615 million at a margin of 31.8%.

The Offshore division of hotels achieved total revenue for the year ended 31 March 2013 of R361 million representing an 11% improvement on the prior year, driven by the weakening of the Rand against both the US\$ and the Euro. Ebitdar (pre-foreign exchange gains) of R93 million was achieved. The Rand weakness resulted in a R37 million (2012: R13 million) foreign exchange gain on the translation of offshore monetary items.

Combined South African and offshore hotel trading statistics, reflecting the Tsogo Sun group owned hotels and excluding hotels managed on behalf of third parties, are as follows:

| | 31 March 2013 | 31 March 2012 |
|------------------------|---------------|---------------|
| Occupancy (%) | 64.7 | 61.4 |
| Average room rate (R) | 782 | 802 |
| RevPar (R) | 506 | 492 |
| Rooms available ('000) | 3 780 | 3 281 |
| Rooms sold ('000) | 2 445 | 2 014 |
| Rooms revenue (Rm) | 1 914 | 1 615 |

The increase in occupancy and decline in average rate is affected by the inclusion of the Formula 1 hotels as owned in the year compared to managed in the prior period. These hotels trade at a higher average occupancy and lower average rate than the balance of the Tsogo Sun hotel portfolio.

Operating expenses, pre-exceptional items, long-term incentives and including employee costs for the year ended 31 March 2013, increased by 9% on the prior year mainly due to non-organic growth in the hotel business, increased offshore overheads because of the weakening of the Rand against both the US\$ and the Euro, above-inflationary increases in administered costs and payroll-related costs (mainly as a result of the equalisation of benefits in the ex-Gold Reef Resorts properties), offset by the foreign exchange gain on the translation of offshore monetary items and savings initiatives.

Property and equipment rentals for the year ended 31 March 2013 at R258 million are 8% up on the prior year mainly due to contractual increases during the year offset by the termination of the Southern Sun Grayston rental. Amortisation and depreciation for the year ended 31 March 2013 at R608 million is 2% below the prior year due to a reassessment of useful lives.

The long-term incentive expense for the year ended 31 March 2013 at R234 million is R179 million above the prior year charge and reflects the effect of the increased long-term incentive liability (including dividend adjustments) due to the Tsogo Sun share price increasing to R24.75 at 31 March 2013.

Exceptional losses for the year ended 31 March 2013 of R19 million relate mainly to goodwill, property, plant and equipment and loan impairments, hotel pre-opening costs and transaction and restructure costs offset by the settlement fees on termination of the Dubai hotel management contracts. Exceptional profits for the prior year of R385 million relate mainly to a fair value adjustment to the existing Formula 1 equity investment of R179 million and the release of the contingent purchase consideration for the 2009 Millennium transaction of R248 million offset by investment and loan impairments of R45 million.

Net finance costs for the year ended 31 March 2013 of R385 million are 8% below the prior year as the cash generated by the group has reduced steady-state borrowing levels despite the acquisitions during the year.

The group's share of associate and joint-venture profits of R6 million for the year ended 31 March 2013 reflected a R4 million decrease due to the consolidation of the Formula 1 business which was equity accounted in the prior year.

The effective tax rate for the year ended 31 March 2013 at 28.6% is affected by non-deductible expenditure such as casino building depreciation and preference share dividends in the first quarter of the year. The comparative effective tax rate of 29.3% is due to the non-taxable gains referred to above and a secondary tax on companies impact of R82 million in the prior year.

Profit attributable to non-controlling interests of R125 million for the year ended 31 March 2013 are 4% below the prior year due to the acquisition of a further 16.5% of Suncoast in November 2011 offset by the 15% increase in the non-controlling interests in Hemingways in September 2011.

Group adjusted headline earnings for the year ended 31 March 2013 at R1.6 billion are 24% above the prior year. The number of shares in issue is largely unchanged year-on-year and thus adjusted headline earnings per share increased by 24% to 150.3 cents per share.

Cash generated from operations for the year ended 31 March 2013 increased by 10% to R3.7 billion. Cash flows utilised for investment activities of R1.2 billion consisted mainly of maintenance capital expenditure and the acquisitions and investments described above.

Interest-bearing debt net of cash at 31 March 2013 totalled R3.6 billion, which is R604 million below the 31 March 2012 balance of R4.2 billion, with R744 million paid in dividends to group and non-controlling shareholders in addition to the investment activities during the year ended 31 March 2013.

PROSPECTS

The continued improvement in trading performance across the group's operations during the year remains encouraging. However, the ongoing sustainability of this growth is uncertain due to the inconsistent monthly results during the year. Nevertheless, the group remains highly cash generative and continues to pursue significant opportunities to invest capital in its growth strategy.

Agreement has been reached with 89% of the outstanding shareholders in Durban Add-Ventures Limited ("DAV") and 100% in AdventureWorld Management Proprietary Limited for the acquisition of the remaining outstanding 10% effective interest in Tsogo Sun KwaZulu-Natal Proprietary Limited. The transaction was implemented as a buy-back of shares, via a scheme of arrangement in DAV, in accordance with the Companies Act of South Africa at a cost of around R400 million. All required shareholders' resolutions were passed at a general meeting of DAV and the transaction approved by the KwaZulu-Natal Gambling Board on 10 May 2013.

Following the approval by the Gauteng Gambling Board of the additional gaming positions at Montecasino, Gold Reef City and Silverstar the group will commence with the R480 million expansion and redevelopment of the Silverstar casino and the R270 million refurbishment and expansion of the Gold Reef City casino and Theme Park. The Silverstar casino redevelopment includes additional dining options, an outdoor events area, cinemas, ten-pin bowling alley, laser tag games, an expanded and enhanced casino floor and parking. The Gold Reef City expansion includes an increased casino offering, cinemas and additional restaurants at the casino and additional food and beverage outlets and improved access systems at the Theme Park with an improved linkage to the casino complex.

The KwaZulu-Natal Gambling Board has granted an application for an additional 50 slot machines and three tables at Blackrock casino. The group will also be expanding the Garden Court Blackrock hotel by an additional 40 rooms.

The group continues with its African expansion strategy and has entered into an agreement to acquire an approximate 75% stake in Ikoyi Hotels Limited for US\$70 million. The property is currently managed by the group on behalf of the third-party owners. The acquisition is subject to several conditions precedent, including regulatory approvals, and shareholders will be notified once these are fulfilled and the acquisition becomes effective. In addition, the group will invest US\$30 million in the expansion of Southern Sun Maputo including the addition of 110 rooms and conference facilities, the expansion of the existing restaurant, lobby and back-of-house facilities and the refurbishment of the existing rooms.

The group is also exploring a variety of projects, including the expansion of the Suncoast casino and related entertainment facilities, as well as a number of potential acquisitions which are at various stages.

The potential to bid for the relocation of one of the smaller casinos in the Western Cape to the Cape Metropole remains an opportunity for the group.

In February 2013 the group submitted a bid for the fourth casino licence in Mpumalanga in accordance with the process being run by the Mpumalanga Gambling Board. Further announcements in this regard will be made as the bidding process progresses.

The ability to continue to pursue the group's investment strategy will depend on the final outcome and impact of the variety of proposed regulatory and tax changes considered by government and will require the successful interaction with various regulatory bodies including gaming boards, city councils, provincial authorities and national departments. The group continues to constructively engage with the various spheres of government in this regard.

NOTES TO THE REVIEWED FINANCIAL STATEMENTS

1 BASIS OF PREPARATION

The reviewed condensed consolidated annual financial statements for the year ended 31 March 2013 have been prepared in accordance with the recognition and measurement criteria of International Financial Reporting Standards ("IFRS"), IAS 34 *Interim Financial Reporting*, the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee and Financial Reporting Pronouncements as issued by the Financial Reporting Standards Council and the requirements of the Companies Act of South Africa. CFO, RB Huddy CA(SA), supervised the preparation of the condensed consolidated annual financial statements. The accounting policies are consistent with IFRS as well as those applied in the most recent audited annual financial statements as at 31 March 2012. The reviewed condensed consolidated annual financial statements should be read in conjunction with the annual financial statements for the year ended 31 March 2012, which have been prepared in accordance with IFRS. This report has been reviewed by the group's auditors, PricewaterhouseCoopers Inc. This review has been conducted in accordance with International Standards on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", and their unmodified review opinion is available for inspection at the company's registered office.

2 SEGMENT INFORMATION

In terms of IFRS 8 *Operating Segments* the chief operating decision-maker has been identified as the group's board of directors. The board reviews the group's internal reporting in order to assess performance and allocate resources. Management has determined the operating segments based on the reports reviewed by the group's board of directors at the board meetings which are used to make strategic decisions.

The board considers the business from both a geographical basis and business type, being hotels and gaming. All gaming segments and the South African hotels division conduct business in South Africa, with the offshore hotels division having operations in other African countries, the Middle East and the Seychelles. Other gaming operations consist mainly of the Sandton Convention Centre, the StayEasy Century City hotel and head office costs. The corporate segment includes the treasury and management function of the group, together with the group's captive insurance operations. Although the offshore hotels segment does not meet the quantitative thresholds of IFRS 8, management has concluded that the segment should be reported as it has a different risk and reward profile. It is closely monitored as it is expected to materially contribute to group revenue in the future.

The group's board of directors assesses the performance of the operating segments based on Ebitdar. The measure excludes the effects of long-term incentives and the effects of non-recurring expenditure. The measure also excludes all headline adjustments, impairments and fair value adjustments on non-current assets and liabilities. Interest income and finance costs are not included in the result for each operating segment as this is driven by the group treasury function which manages the cash and debt position of the group.

All revenue and income from gaming and hotel operations shown in the Segmental Analysis is derived from external customers. No one customer contributes more than 10% to the group's total revenue.

3 CAPITAL COMMITMENTS

The board has committed a total of R2.5 billion for maintenance and expansion capital items at its gaming and hotel properties of which R1.7 billion is anticipated to be spent during the next financial year. R339 million of the committed capital expenditure has been contracted for.
